PROFILE SUMMARY

I Share My Expertise in Clinical Data Management with 1 year of Experience as Junior Associate. Having extensive experience in the Healthcare, offers valuable insights for teaching at a pharmacy college. "I've always enjoyed the training aspect of my role and discovered that teaching comes naturally to me. I want to take my passion for sharing knowledge into the academic field, where I can help students gain practical insights into the industry while also nurturing their theoretical understanding." Dedicated to helping students achieve academic success and develop a deep understanding of pharmaceuticals and pharmacology through clear communication, practical examples, and hands-on experience.
