4. Promote the Research and development activity in the field of pharmaceutical sciences.

**Quality commitment:-**

We, Matoshri college of Pharmacy are committed to the development of technical Human Resources towards Socio-Economic growth of India for global competitiveness.

**Induction Programme**

Introduction Transition from school to university/college life is one of the most challenging events in a students' life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role. Currently, precious little is done by most institutions, except for an orientation Programme lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Programme.

**Student InsuctionProgramme**

Student Induction Programme Purpose of Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration. The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it. Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed. Students Induction could cover a number of different aspects (SAGE):

**Socializing:** meeting other new students, senior students, students union, Lectures by Eminent People;

**Associating:** visits to University / college, visits to Dept./Branch/ Programme of study & important places on campus, local area, city and so on;

**Governing:** rules and regulations, student support etc;

## RATIONALE

Induction programme has been proved to be a fun mingled educational activity of adapting motivation and recourse to their procrastinated educational goals. The interaction with the induction programme equipped entrants not only with the boost to their educational pursuits but also with the work-culture, industrial exposure, social experiences, and various institutional activities.

## INAUGURAL FUNCTION

The Induction Programme began with registration followed by orientation programme on 19 August, 2019. The students with their great enthusiasm reported and registered themselves at the college. Orientation programme aimed to enhance students' familiarity with the faculties, Matoshri college campus, its facilities and a plethora of cultural activities of the institution.

## Day 1

The new beginning for all the undergraduates and graduates students has started on the very first day of induction program on 19 Aug ,2019 in which all the students had entered into a new world of professional and technically educative course of Pharmacy. While into the seminar room, all the new students were felicitated and welcomed by the seniors as well as faculties by giving roses and putting tilak.

Around 11 am, the respected Principal Dr. G.S.Talele addresses the students and welcoming the 4th batch by saying that all the students in this batch are lucky as some innovative and new activities were going to start this year .She motivated us by sharing her previous experiences and has told to have a fixed goal in life and we have to work harder with dedications and loyalty to grab the opportunity by giving some few hindi movie dialogue such as **"Khudi ko kar itna buland ki khuda khud apne bande se pucha bata teri raza kya hai"**.

He asked the students to start up their own entrepreneur with new ideas, management skills and technology. He motivated us by saying that we should raise our grasping power, versatility and competency. At the end he stated that in order to survive in an industry you need to have positive attitude, skills and knowledge.

## Day 2

### Mr. Krishnadhar prabhuji

On the 2nd day of induction, he addressed about the control to the mind and enhancing the grasping power.

He told us about the various powers of mind which help us to achieve anything in our life. Some of them are

The power of thoughts

- The power of strength
- The power of confidence and
- The power of positive thinking.

## Day 3

### Mr. Abhijit yeole

Sir addressed about the personality development, he explained that it is important to meet all personality challenges and situations in professional life. This session provides us intellectual, technical as well as personal development qualities which was really helpful for us to attain heights of success.

## Day 4

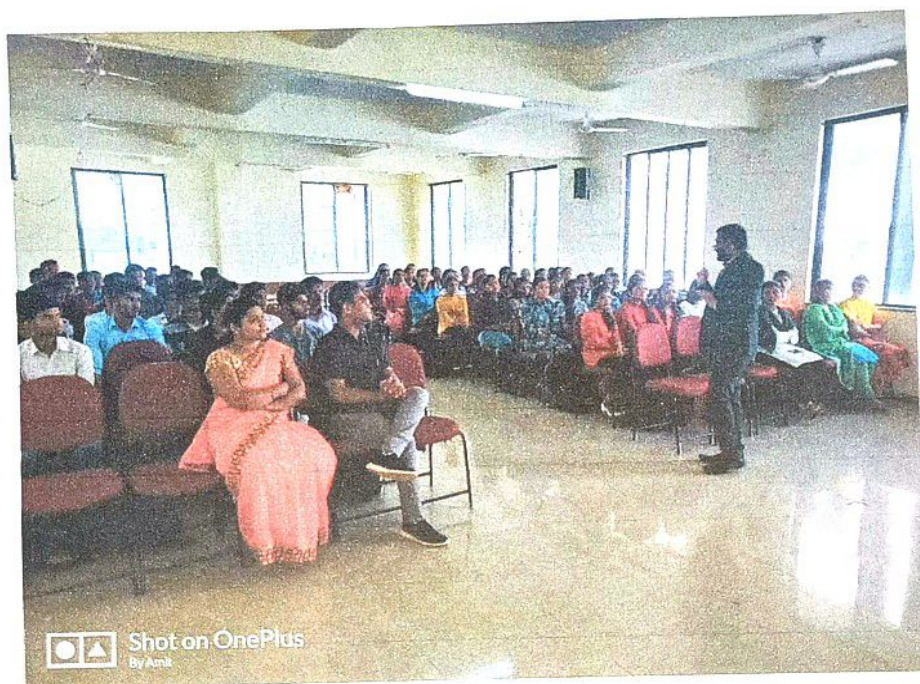

### Prof. Ravi patil

He addressed about Life skill development .

He said it is important to have an original set of mind instead of trying to copy others, we should do what is right and correct. It is a competitive world and we can survive if we are original, this will help you to get a definite success.

## Day 5

### CAMPUS VISITS

As an integral part of Induction programme and to furnish exposure to campus environment, the committee organized a one day visit program for campus.

## Day 6

### Tree Plantation

Trees are indispensable for life. Man can't live without trees.

Tree Plantation programme was held in our College on 6<sup>th</sup> day of Induction Programme. The students of class First year actively participated in the programme. Principal, teachers and students went to plant sapling in our college premises.

## OUTCOMES OF THE PROGRAMME

Entrants were able to display confidence and successful transition into a new academic environment. Entrants were able to utilize primary resources and facilities of the institute.

Entrants were able to establish positive acquaintance with their peers, faculties, and institute as whole. Entrants were able to attach moral values and behaviors with the practices of the institutional activities. Self-analysis and introspection was positively bridged for their academic needs.

Entrants were able to get convinced to structured and collaborative learning platform.

Entrants were able to project exemplary performance in activities designed during induction programme

## CONCLUSION

With the cooperation of the students and the faculty members the Induction programme was able to record the feedbacks of the students in Expert talks. The total involvement of deputed Faculties actively engrossed in various responsibilities of induction programme. That facilitated to motivate the entrants to stir like a sugar in water of institutional activities. Students are made aware about multidisciplinary areas and their developments and developed ability to transcend from subjective knowledge to the application of subject in real life situations.
