4. Promote the Research and development activity in the field of pharmaceutical sciences.

### Quality commitment: -

We, Matoshri college of Pharmacy are committed to the development of technical Human Resources towards Socio-Economic growth of India for global competitiveness.

### Induction Programme

Introduction Transition from school to university/college life is one of the most challenging events in a students' life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role. Currently, precious little is done by most institutions, except for an orientation Programme lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Programme.

### Student Induction Programme

Student Induction Programme Purpose of Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration. The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well-planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it. Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed. Students Induction could cover a number of different aspects (SAGE):

**Socializing:** meeting other new students, senior students, student's union, Lectures by Eminent People;

**Associating:** visits to University / college, visits to Dept./Branch/ Programme of study & important places on campus, local area, city and so on;

**Governing:** rules and regulations, student support etc;

### RATIONALE

Induction programme has been proved to be a fun mingled educational activity of adapting motivation and recourse to their procrastinated educational goals. The interaction with the induction programme equipped entrants not only with the boost to their educational pursuits but also with the work-culture, industrial exposure, social experiences, and various institutional activities.

### INAUGURAL FUNCTION

Matoshri Education Society's

# MATOSHRI COLLEGE OF PHARMACY

Eklahare, Near Odhagaon, Aurangabad Highway, Tal. & Dist. Nashik, Nashik- 422 105. (M.S.) Ph. No.: 0253-2406687, 9552516050

The Induction Programme began with registration followed by orientation programme on 19 August, 2019. The students with their great enthusiasm reported and registered themselves at the college. Orientation programme aimed to enhance students' familiarity with the faculties, Matoshri college campus, its facilities and a plethora of cultural activities of the institution.

## Day 1

The new beginning for all the undergraduates and graduates' students has started on the very first day of induction program on 19 Aug, 2019 in which all the students had entered into a new world of professional and technically educative course of Pharmacy. While into the seminar room, all the new students were felicitated and welcomed by the seniors as well as faculties by giving roses and putting tilak.

Around 11 am, the respected Principal Dr. G.S. Talele addresses the students and welcoming the 4th batch by saying that all the students in this batch are lucky as some innovative and new activities were going to start this year. She motivated us by sharing her previous experiences and has told to have a fixed goal in life and we have to work harder with dedications and loyalty to grab the opportunity by giving some few hindi movie dialogue such as "**Khudi ko kar itna buland ki khuda khud apne bande se pucha bata teri raza kya hai**".

He asked the students to start up their own entrepreneur with new ideas, management skills and technology. He motivated us by saying that we should raise our grasping power, versatility and competency. At the end he stated that in order to survive in an industry you need to have positive attitude, skills and knowledge.

## Day 2

### Mr. Krishnadhar prabhuji

On the 2nd day of induction, he addressed about the control to the mind. and enhancing the grasping power.

He told us about the various powers of mind which help us to achieve anything in our life. Some of them are

The power of thoughts  
The power of strength  
The power of confidence and  
The power of positive thinking

## Day 3

### Mr. Abhijit Yeole

Sir addressed about the personality development, he explained that it is important to meet all personality challenges and situations in professional life. This session provides us intellectual, technical as well as personal development qualities which was really helpful for us to attain heights of success.

## Day 4

### Prof. Ravi Patil

He addressed about Life skill development. He said it is important to have an original set of minds instead of trying to copy others, we should do what is right and correct. It is competitive world and we can survive if we are original, this will help you to get a definite success.
